My Gatlinburg trip

First let me start off we had planned to go to Gatlinburg as a family, but my mom couldn't make it off work. So, me my dad and my sister went instead. Usually it's my dad that can't get off work, so he was a little nervous about going without my mom being there, but it was too late to not go because we already paid for the room so there was no backing out. So we packed our bags and headed on our way.

We had left around 8:00 am and arrived at about 2:30pm because traffic was terrible, so it set us back about 2 hours which was not fun. Then once we got there, we were all tired from the long ride, so we went straight to our rooms and to the bed, we were so tired we didn't even unpack yet. Once we all woke up we looked at the time and had been asleep for an hour. So we unpacked put on our swim wear and went to the waterpark that was in the resort.

When we got back to the room and put our regular clothes back on, we went to golden corral to eat which was a terrible idea the only thing that was good was the steak. Also it was very expensive too. So, we finished up quickly and went to ride go carts.

Then we went to play laser tag and we back to the resort. Once we got to our room, we all took showers and went to bed. When we woke up we went straight to the water park and was there for 3hours.

The next day we went to the big arcade room that was in our resort. I went on this rope course thing they had in our resort; it was fun. Once we all had our fun at the arcade, we went to Walmart to get stuff to cook, we ate breakfast for dinner.

Now we had been there for three days and we really hated to leave but we had to. The next morning, we went to see the beautiful smoky mountain view. It was an amazing site and was very interesting to see. When we got back to the resort, we all got our bags packed and ready to be carried out. We woke up the next morning and headed on our long journey home. Gatling burg is a very amazing and beautiful place and the people that live there are very kind and loving people. But every time we go it seems like it just keeps getting bigger and bigger which is a bad thing but also kind of good. Gatling burg has been a place we always go vacation at we Evan had our last Christmas with my pa in Gatling burg. Also, it was the place I rode my

first roller coaster at when we went to dolly wood. So, Gatling burg is a special place for me, and I have a lot of great memories there. And that why I chose to write about Gatling burg because it is a very special place for me, and I love it there and an always love going back to have more great adventures and moments. I know that every time I go there is going to be something to remember that is fun, interesting, and beautiful about Gatling burg. I can't wait till next time I go I plan to go fishing there I think it would be interesting to see the different types of fish that is there.
