### The fight of the year

Middle school was very crazy there was always something negativity going on in the 7<sup>th</sup> and 8<sup>th</sup> grade hallways and mini schools there was a lot of tention and drama between a lot of the 8<sup>th</sup> grades at WBMS had lots of fights and disagreements, but this fight was the biggest one of all.

One day I was getting on the bus while heading towards the school people were talking about an argument between Carrie and Andrea both girls were in the 8<sup>th</sup> grade they use to be close one of the girls that were involved ,Carrie, got phone call and the person on the lone asked her "where are you at" she replied "we are about to get off the bus right now." We were about to get off the bus heading towards the school, going into the cafeteria. At first nothing happened everything was cool then everything went south, the two girls Carrie and Andrea began to fight Andrea hit Carrie from behind once all the students in the cafeteria saw them fight everybody started throwing food. On the day of the big fight

Andrea had on a wig during the fight Carrie snatched her wig off Andrea's wig flew from one side of the cafeteria to the other side. Carly seen the wig and ran up and down the hallway with wig yelling and screaming at the top of her lung. During the fight a lot of side action happened, the band teachers were getting hit with milk cartons food and orange juice. The band teacher Mr. Thompson, had pinned a kid up on the wall tried to grab some kids to make them stop throwing food. The principle Mr. Tucker, that used to work there had got one of his contacts knocked out by a famous flying milk carton there was also orange juice on the ceiling tiles. The orange juice stayed up there for a long time. After all the commotion had settled, the principles, Mr. Tucker and Ms. Simmion had brought the entire 8<sup>th</sup> grade into the auditorium some of the 8<sup>th</sup> graders were mad others looked really confused. Mr. Tucker and Ms. Simmion looked very displeased with the 8<sup>th</sup> graders as a whole all of us knew what happened but Mr. Tucker and ms. simmion didn't know that we already knew what had happened they had talked to all of us for what felt like hours but it was actually 45 minutes Mr. Tucker talked to us first he talked to us about the whole incident and how if we had the video or talked about it in class that we would get in trouble as well as who sent us the video or who we were talking to about the fight with. Turns out we all got in trouble lots of the 8<sup>th</sup> graders were mad as a result of Carrie and

Andrea's fight our mini schools' punishment was that we had hallway restriction which meant we all had to wait until the last bell to go to our next class some had to clean the entire cafeteria .the hallway restriction punishment lasted for a few weeks after the incident occurred .Carrie and Andrea's fight videos was still going around the school they were calling A lot of us to the dean's office talking about did we know anything that did not know about the fight ,the people that were in the fight, did we or any one we know have it and the big question was what they were fighting over . Nobody wanted to get in trouble or be a classified snitch so none of us said anything to the dean about the fight because we knew what would happen if we did. Some people were sent to DMK for the incident.
